

Nurun, analytical mycologist

similar to Dukun but the runelike symbols on her head glow in neon-green and orange (the effect of one of her experiments). "I love to be surprised" - combining chemicals into new designs with sometimes **surprising features** is her speciality. Nurun is known for giving out "free samples" at social gatherings. She loves to **do a job well**, deems generating products fitting predefined requirements boring and is usually the last to leave the laboratory. TRAITS carries samples with surprising effects +2 finishes tasks thoroughly +2 Pool = 7 dice

Professor Dyvyd

The Murkcap chemical cataloger Dyvyd is a psychotropic spiritualist, looking for the godhead in the multiple realities unlock through expanded awareness. Dyvyd works in the area of xeno-pharma field of study and is a maven on the reactions of other species to the Murkcap spores. He is looking for the door to ultimate awareness. TRAITS • Psychotropic spiritualist +1 • Xeno-pharma adept +3 • Reality Shifting +2 • Spore Cataloger +1 Pool = 0 dice

Dukun Zagreus

"Any reality is an opinion-we make up our own reality."
Dukun is of a race of Murkcaps who are known for their hallucinogenic spores and bioluminescence. He made his way from the underground warrens of Murkcap society to seek out new adventure and soon realizes attacking the consciousness of others around him will be necessary for survival. Calm, but darkly spiritual, Dukun uses his knowledge of psychotropic substances to create mind altering experiences for interested buyers. Dukun's curiosity about what motivates other's actions has pushed him to examine them more closely, but his efforts to influence reality and become part of the hive has given him confidence. During the realization Dukan develops his social skills to facilitate his new responsibilities as a Murkcap Ambassador. TRAITS • Hallucinogenic spores +2 • Bioluminescence +2 • Attacking the consciousness of others around him +1 • Become part of the hive • Social skills +2
