

new adventure in or wherever this is

(1) Temple of the ~~the~~ good little god

- Olver, ~~attempts~~ Loken → "Items for characters"
- laborers, renovation of the ruined temple
- very unhappy baboon & the other temple (which is being used, from its street entrance)
- Dryad & the tree Disruption Church
- Alexia Puskis → Titration assignment
- Milla & the Golden Void → she's beautiful girl; does this relate at all? do like the idea of roots vs. sprouts

(2) Ordination Church

- Maxien is now actually a priest - place of activity, responsibilities, privileges
- enforcement of application of Law - perhaps a picky ~~condition~~ condition regarding doing it goodly or evilly
- NPCs

↳ did he find an Milla?

(3) Hazel [son completed] now a citizenship, outlined for benchmen, flesh & cash → focus on some basic guild work? Also the main thing, thing, whatever
